LOCAL NEWS.

Plenty of rain this week.

The mail arrived, and left on time this week.

Men's and Boy's Rubber Coats, cheap, at Walters & Baker's.

The North West arrived at Battleford on Tuesday making the trip in two days; quick time.

A magnificent rainbow encircled the southeastern sky, after the rainstorm on Dominion Day.

The Hon. L. and Mrs. Clarke, left by the steamboat North West, for a trip to Edmonton, and return.

Mr. H. Gisborne, of Battleford, left that place for Prince Albert on Wednesday morning, by canoe.

Mr. J. L. Johnston, and daughter, leave on the Steamer North West on her return trip. They will go as far as Winnipeg, and return overland.

Mr. T. Wadsworth, Inspector of Indian Agencies is in town this week on his annual tour of inspection. Mr. Wadsworth is a careful and efficient official.

The Annual Conference of the Methodist Church, have been in session all over the Dominion the past month. We believe there are to be no changes in this District the present year.

Mr. T. Baker has completed the work of bridging the Shell River, about ten miles from town, on the road to Green Lake. The money for which was obtained by Mr. Hughes from the North West Council.

The Sec. Treasurer of the Lorne Agricultural Society received, on Thursday last, a very handsome silver cup from Mr. D. H. Macdowall, M.P. for Saskatchewan, to be competed for at the annual exhibition this year. The cup is on view in the Post Office Book Store window.

The fine engine which Major Perry has kindly consented to loan the town, was tested at the river on Monday morning. Although a sufficient supply of hose was wanting the test proved highly satisfactory; the machine threw a steady stream over some buildings at seventy five yards distance.

Mr. R. J. Hart was a passenger from here on the Northwest. Mr. Hart goes to the historic camping ground at Onion Lake to take charge of the H. B. Co's Post there. He is one of Prince Albert's pioneers and will be very much missed from among his many friends. We most heartily congratulate him on his appointment.

PROMINENT PUBLIC MEN.

Are not slow to give expression to their opinion where genuine merit is concerned. D. Derbyshire, president of the Ontario Creamery Association, says: "Nasal Balm beats the world for catarrh and cold in the head. In my own case it effected relief from the first application."

The steamer Northwest, commanded by the veteran seaman, Commodore Sheets, arrived here on Sunday morning. After unloading a quantity of freight for the H. B. Co. she backed down to Moore & Macdowall's saw mill where she loaded lumber for Edmonton, and cleared early Monday morning. Several passengers were on board, among whom were Miss Fortesque and Mr. Christie, who are on their way to the north, and Mrs. Clark, Mrs. Capt. Robinson and Mr. Wrigley, of Winnipeg, on a pleasure trip to Edmonton and return.

A new White Sewing Machine for sale. This is the best machine made and will be sold cheap. Apply to H. Walters.

The Rev. Canon Fleet, of Emmanuel College, and Inspector of Public Schools for this district, paid an official visit to the school here on Thursday. He expressed himself as highly pleased with the advancement of the pupils since his last visit, and the thoroughness displayed in the various branches studied. The Board of Education for the Territories now allow two days in each year for teachers to visit such schools as may be selected by the Inspector. We believe the Inspector has selected this school for that purpose. We congratulate the district upon having such an excellent educational institution, and the Principal, Mr. Stull, for the high rank the school has attained under his management.

CHIT-CHAT LOCALS.

Gathered by our Reporters.

A few carriage dusters left at Walters and Bakers.

Mrs. D. H. Macdowall arrived in town by the Northwest on Sunday.

Mr. Harry Beard expects to have his large kiln of bricks burned this week.

Mr. McNeil, of the Indian Department at Duck Lake, was in town this week.

Judge McGuire was interviewed at Kingston a short time ago on Northwest affairs.

River street north and vicinity afforded a fine field of enterprise for a constable on Monday night last.

The mosquitoes are so bad this summer that cattle and horses will not stay away from the smudges around town.

The Rev. Mr. Taylor and family left for Fort Pitt, by boat, on Sunday. The reverend gentleman will take charge of that parish.

Miles McLaughlin arrived in town on Wednesday with a load of freight from Troy. He reports the roads in a very bad condition.

A meeting of the Executive of the Lorne Agricultural Society will be held in the Council Chamber on Saturday, the 14th inst., at 3 o'clock p.m.

A C.P.R. land exploring party are on their way to the Prince Albert District, where operations will be carried on until next fall. Mr. W. A. Ducker will have charge of the party.

Corp. Patterson had part of the second finger on his right hand amputated last week. About a month ago he was bitten by a dog while endeavoring to stop a fight, hence the amputation.

Bullwhacker, along with his congenial proprietor, "trotted" up to the bar of one of our hotels, like a little man, on Wednesday evening last, but his horsemanship refused to drink top beer.

An interesting horse race was run on Wednesday afternoon between the black and blue horses that took part in the third race on Dominion Day. There was very little money changed hands. The black won.

Fine red and white Tabling at Walters and Bakers.

The *Emigrant*, of Winnipeg, has just entered its third year and has changed its name to the *Manitoba Colonist*. It is a journal that ought to get liberal support as its main object is to make known the resources and wealth of this country.

A largely attended meeting of the people of Calgary took place on June 23rd, for the purpose of endorsing the Hon. E. Dewdney, Minister of the Interior. Several enthusiastic speeches were made all expressing the greatest satisfaction of Sir John's choice.

The police pulled out on Wednesday, under command of Supt. Perry, for a month's rustication in the country. They will visit all the places of note along the South Branch as far as Saskatchewan before their return. A small detachment, of nine men will "hold the fort" until "Johnny comes marching home again."

"Word has been received of the death of Mrs. Perry, wife of Superintendent A. Bowen Perry, of the N. W. M. P., at Prince Albert. Consumption of the lungs is the cause of her death. She leaves a family of very small children." The foregoing item is taken from the *Keeweenaw Journal* of the 21st ult. and certainly illustrates the old adage that "to learn news of home one must go away." It will certainly be interesting news to Mrs. Perry to learn that she was a victim to consumption of the lungs. We are very pleased to be in a position to say that the lady referred to is enjoying the best possible health at the present time and, if appearances indicate anything, is not likely to suffer from that dread disease.

See our white and grey cottons now selling for ten cents per yard. They beat all others. Walters and Bakers.

FRIDAY, JULY 6, 1895.

CROP PROSPECTS.

Although the spring was late in opening and much colder than the corresponding period in former years, yet since the beginning of June the weather has been so very auspicious that the promise of an abundant yield for 1895 is much better than it has been for many years past. The frequent showers and the very warm weather during the last few weeks have brought the crops on very rapidly. The farmers have sown a larger area than last year, and from the favorable prospects at present in the Prince Albert district, there will be a large yield of all kinds of cereals, and the result, grain will be a drug in the market, there being no means of export nearer than 250 miles. Should flour contracts for the Indians and N. W. M. Police be awarded to outsiders as it has been in the past, the farmers will have no means of disposing of any of their produce over and above what they can dispose of for local consumption. A short drive through the country at present would convince the most sceptical that Prince Albert is the centre of one of the most fertile districts in the North West, and with railway communication would soon assert her right in wealth and population.

Warden Lavell, of the Kingston Penitentiary, says that of the fifty eight convicts received since the beginning of the year, two-thirds are under thirty years of age, thirteen under twenty, and only one over fifty. Careful investigation of their history showed that the first step downward was due to disobedience of parents, bad company and neglect of the Sabbath. The majority of those in prison were neglected boys of the Dominion, who were early left orphans, or trained from infancy to crime; a number were helpers of burglars by the time they were seven years of age.

Public meetings endorsing Hon. E. Dewdney's appointment as Minister of the Interior have recently been held in several towns in the Territories. Would it not be wise for this district to recognize in some way that the importance of North West representation in the Dominion Cabinet has been acknowledged by Sir John.

Three years ago when the Government first permitted second homesteading settlers were in the habit of locating on land a short distance from their original homestead, and as a result most of them failed to cultivate either farm property in the attempt to work both. In view of this fact the Government, on the recommendation of the land board, passed an order limiting the privilege to a distance of forty miles from the original homestead, excepting in the case of those entitled thereto up to the 2nd of June of last year. Another order has now been issued also on recommendation of the land board, reducing the limitation to six miles. The order only refers to cancelled lands, and all agents have been instructed accordingly.

We are glad to welcome back to our midst our respected member in the Dominion House. Mr. Macdowall came from Edmonton to Battleford by boat and then drove through here traversing the western portion of the constituency he had done so much for, especially during the last session of Parliament. He looks none the worse for his long drive.

LOCAL ITEMS.

There were five passengers out by this week's mail.

Nr. L. P. O. Noel, sub-agent Government Telegraph Service, of St. Laurent, arrived in town to-day.

Mr. Deleorgeondierre, Clerk of the Court in this town, was a passenger west by the Steamer this week.

Mr. R. McDermott, of the H.B.Co. at Isle la Crosse, spent a few days in town this week. He is on a pleasure trip to Winnipeg.

Owing to want of a quorum there was not a meeting of the Town Council this week. Some of the members are getting rather lax in their attendance.

Mr. LaFond, druggist, of Winnipeg, has purchased the stock and business of A. H. Clark & Co., druggists, of this place, and has commenced business for himself. We cordially wish him success in his new home.

There is to be a grand picnic at Carrot River under the auspices of the Orange-men of that place on July 12th. Several of our townspeople have signified their intention of going and it promises to be a grand success.

Mr. Hartley Gishorne, Superintendent Dominion Telegraph Service in the North West, left Battleford in a canoe for this town at 2:30 p.m. of Thursday, July 5th. He reached Henrietta on Friday at 11 a.m., Carlton at 7 a.m. of Saturday, and Prince Albert at 3 a.m. of Sunday, the 8th inst., making the trip in about two and a half days. The distance is estimated at 200 miles. This is exceptionally good time. Mr. Gishorne has opened a temporary office at the Queen's, and will probably remain here a month.

NORTHWEST ASSEMBLY.

The following gentlemen have been elected members of the Local Territorial Assembly at Regina.

Messrs. Secord and Jelley, Regina; Tweed, Medicine Hat; Richardson, Wolsely; Sutherland, Qu'Appelle; Davidson, S. Qu'Appelle; Ross, Moose Jaw; Haultain, McLeod; Neff, Moosomin. Thorburne, Whitewood; Lineham and Cayley, Calgary; Wilson and Oliver, Edmonton; Clinkskill, Battleford; Hoey, Kinistino, Turf, Souris; Fisher (protested), Battleford. The returns are not all in yet for Prince Albert, Red Deer and Wallace.

DEWDNEY ENDORSED.

KINGSTON, June 21.—Judge McGuire, of Prince Albert, now in the city, in an interview on Northwest politics said the people there care very little for Grit or Tory. They were more interested in local affairs. Speaking of Mr. Dewdney's appointment he said:—"Whoever succeeds the late Hon. Thos. White must have to contend with the difficulty of following a most popular official. As to Mr. Dewdney, I must confess I went to the Northwest rather prejudiced against him, believing, like many others, there must be some truth at the bottom of the many charges of misconduct so persistently made against him in Parliament and by a portion of the Ontario press. I found, however, that the nearer I got to where the wrongs were said to have been committed the less I heard of them, and upon enquiry I learned that where his conduct was best known he was held with the highest esteem as a conscientious officer. I enquired as to the charge of supplying rotten pork to Indians and was told that this referred to the time before the completion of the C. P. R., when supplies had to be drawn from Winnipeg in pony carts or oxen a distance of several hundred miles, occupying six, eight and ten weeks in transport. It is not surprising that meat exposed to heat during so long a time frequently becomes sour, mouldy or rotten, possibly. It was mere oratorical exaggeration to charge that the clothing supplied to the Indians fell in pieces after three or four days' wear. It seems to bear the stamp of improbability on its face. The principal objection I heard against Mr. Dewdney as a candidate for the position of Minister of the Interior came from very ardent political friends of his, who from a party point of view feared he lacked the oratorical powers they deemed necessary for the post. Mr. Dewdney had a lengthy and somewhat varied experience and ample opportunities for becoming familiar with the conditions and requirements of all classes in the Territories, and the general impression seems to be that he would make a good Minister of the Interior.

OUR DAILY BREAD.

Heavy and sour bread or biscuit has a vast influence through the digestive organs upon the measure of health we enjoy. How important to our present happiness and future usefulness the blessing of good health and a sound constitution are, we can only realize when we have lost them, and when it is too late to repair the damage. Notwithstanding these facts, thousands of persons jeopardize not only their health, but their lives, and the health and lives of others, by using articles in the preparation of food the purity and healthfulness of which they know nothing. Perhaps a few cents may have been saved, or it may have been more convenient to obtain the articles used, and the housekeeper takes responsibility and possibly will never know the damage that has been wrought. Paterfamilias may have spells of headache, the children may have lost their appetites, or look pale; if so, the cause is rarely suspected. The weather, the lack of outdoor air, or some other cause, is given, and the unwholesome, poisonous system of adulterated food goes on. Next to the flour, which should be made of good, sound wheat and not ground too fine, the yeast or baking powder, which furnishes the rising properties, is of the greatest importance, and of the two we prefer baking powder, and always use the Royal, as we thereby retain the original properties of the wheat, no fermentation taking place. The action of the Royal Baking Powder upon the dough is simply to swell it and form little cells through every part. These cells are filled with carbonic acid gas, which passes off during the process of baking. The Royal is made from pure grape acid, and it is the action of this acid upon highly carbonized bicarbonate of soda that generates the gas alluded to; and these ingredients are so pure and so perfectly fitted, tested and adapted to each other, that the action is mild and permanent, and is continued during the whole time of baking, and no residue of poisonous ingredients remains to undermine the health, no heavy biscuits, no sour bread, but if directions are followed, every article will be found sweet and wholesome.

EVERY NIGHT I SCRATCHED

Until the skin was raw. Body covered with scales like spots of mortar. Cured by CUTICURA Remedies.

I am going to tell you of the extraordinary change your CUTICURA REMEDIES performed on me. About the 1st of April last I noticed some red pimples coming out all over my body, but thought nothing of it until some time later on, when it began to look like spots of mortar spotted on, and which came off in layers, accompanied with itching. I would scratch every night until I was raw, then the next night the scales, being formed meanwhile, were scratched off again. In vain did I consult all the doctors in the country, but without aid. After giving up all hopes of recovery, I happened to see an advertisement in one of the newspapers about your CUTICURA REMEDIES, and purchased them from my drugist, and obtained almost immediate relief. I began to notice that the scaly eruptions gradually dropped off and disappeared one by one, and I have been fully cured. I had the disease thirteen months before I began taking the CUTICURA REMEDIES, and in four or five weeks was entirely cured. My disease was eczema and psoriasis. I recommended the CUTICURA Remedies to all in my vicinity, and I know of a great many who have taken them, and thank me for the knowledge of them, especially mothers who have babies with scaly eruptions on their heads and bodies. I cannot express in words the thanks to you for what the CUTICURA REMEDIES have been to me. My body was covered with scales, and it was a awful spectacle to behold. Now my skin is as nice and clear as a baby's.

DOMINION DAY.

How It was Spent in the Royal City.

From early morning people began coming in from the country to witness and take part in the sports. The managing committee had sent posters announcing part of the programme, but enough to let the sport-loving people throughout the District know that a big time was on for Dominion Day in town. The committee appointed to collect subscriptions gathered together nearly \$200.00. The programme consisted mainly of horse racing and the lacrosse match between the local and Police club.

THE LACROSSE MATCH.

At about two o'clock a large concourse of people had gathered on the grounds to witness the match which was to open the programme of the day's proceedings.

Both teams had been practising hard for some time and were in good condition and the play on both sides was very good but we must say that as a team the Police played the better game; when one of their players secured the ball they would almost always look around for one of their own side to throw it to, while the town team played as if their only aim was to get the sphere in the direction of their home regardless of who got it or what was done with it then. The Prince Albert team won three games in 35, 18, and 42 minutes respectively, and all put through by Knowles. During the interval between the games the band played several very lively airs. The following were the players and their positions:

TOWN.	GOAL	POLICE.
J. Ballentine	Goal	Leslie
Kerr	Point	Beury
Sproat	Cover Point	Smith
W. Ballentine	Defence	McKewan
Russell		Jaavis
Offord	Centre	Garrison
McKenzie		Aske
McKay	Home Field	Perry
Spence		Bailey
Fish	Home	Talbot
Knowles	Inside Home	Doyle
Rev. Mr. Howard	Captain Const.	Haslitt
Mr. MacIsaac	Umpire Con.	Carmichael
Const. Gawue	Referee	

THE TURF.

Soon after the lacrosse match nearly all the ladies started for home, or for a ramble, as it was impossible for them to see the finish of the horse-racing, which was next on the programme. The crowd flocked around the starting and finishing points and it was a wonder some one did not get hurt, for they would not keep back.

The track was a quarter mile circular one, which made it very dangerous for a horse that was liable to bolt. After the usual waste of time over a private chat among the judges, starters and other nabobs of the course, the first race was rung up by Mr. Russell, who had charge of the bell.

able reason it was fired before all were ready but Mack and McKewan went off and made a very good race to the tape; Mack coming in by only a few inches.

About six o'clock, and before the programme was much more than half finished, it began to rain very heavily which put a stop to the sports for that day, but as far as they went they were carried through without a hitch except in the flat race. The officers who had charge of the games were:—Judges, Messrs Farne, Sanderson and McLeod; starters, Messrs. Sullivan and Maveety; distance judge, Mr. McLellan; clerk of course, Mr. Stull; managing committee, Messrs McIntosh, Russell and Gr. Neilson.
